Please provide a personal statement explaining any skills or experience that you feel may be relevant to help you fulfill your role as a committee member and what you feel you can add to the LOC :-

I'm very happy to stand again for our Committee, having been involved for many years since the 'bad old days' of the early 1990s when there were just a handful of members. Since then we have become an active group making great progress for optometry in the region and many areas now admire our achievements. Personally I believe it's important to lead from the front; I'm always happy to share from my (uncountable) years of experience and I hope to continue my learning in higher qualifications. I also have a large amount of experience in organizing the Committee, negotiating with commissioners and representing the LOC across the Region. We have many challenges and opportunities coming in the next 12 months and I'm looking forward to being involved again in working with the rest of the Committee and Officers to help make sure we can make a success of new services and further develop eye care for the people of Wolverhampton.

I agree to serve on the LOC: Name: Peter Rockett
