Years experience in GOS: 3

Please provide a personal statement explaining any skills or experience that you feel may be relevant to help you fulfill your role as a committee member and what you feel you can add to the LOC :-

I'd like to put myself forward to be a committee member as I believe I can contribute some new ideas and suggestions to elevate the LOC to the next level. With social media now being our biggest form of communication, it's important that it's used effectively to help grow and improve our committee so that it can be the best. I know I could really inspire and motivate everyone in our profession to get involved and work as one so that we all can have our voice heard.

Being a committee member, I feel as though you have to have ambition and passion for the career and I believe from doing 2 professional certificates and in the process of doing the independent prescribing course, I have that drive and knowledge to want to make our profession even better. The LOC needs someone who is going to go that extra mile to encourage others to participate, support others to be better and be a spokesperson so that new ideas can be shared from others. Organisation, forward planning and innovation are qualities that I have which will make my contribution to the LOC much more effective.

I agree to serve on the LOC: Name: Hasan Akhtar
